Fastrack CargoConnect

PRODUCT OVERVIEW

YOUR GLOBAL DATACENTRE LOGISTICS SOLUTION

We handle the groundwork, from de-installation to re-installation.

Leverage our industry connections for the most cost-effective freight solutions.

We provide specialised flight cases to protect your valuable hardware during transit.

ABOUT US

In the dynamic landscape of multi-regional datacentre operations, rapid growth and global operations introduce a need for hardware relocations - That's where we come in. Fastrack CargoConnect is a fully managed logistics service, finely tuned to the needs of IT infrastructure and datacentre operations. Discover a more streamlined, economical, and seamless global orchestration today.
